

Product Description

Is a 100% water soluble detergent which penetrates and dissolves grease and oil from asphalt and concrete surfaces.

Uses

- Cleans oil and grease spots from asphalt and concrete surfaces
- Prepares pavement and masonry for application of sealers
- Degreases machines, tools, BBQ grills, etc.

Directions

Apply PAVECLEAN as supplied to gas and oil spots. Let the detergent soak in for 15 minutes; scrub with a brush; then rinse thoroughly. (For unusually deep seated stains, two applications may be necessary).

Caution

Avoid contact with eyes and skin. Keep away from children.

First Aid

Contains alkaline materials. If splashed on eyes or skin, flush thoroughly with water.
